GREAT ONSLAUGHT OF SLAVS CAUSES WORRY AMONG GERMAN PEOPLE.

ANGLO - FRENCH GAINING

Additional Ground Is Taken, Though
Germans Claim Some
Successes.

(Associated Press)
Paris, July 10.—The French last night launched a new attack in the Champagne district and captured German trenches along a front of 500 metres. In the Somme district the French took a German position in the neighborhood of Barleux, taking 950 prisoners. Five German attacks in the Vosges failed.

British Advance.

London, July 10.—The British made a new advance northwest of Contalmaise, capturing three guns and several hundred prisoners.

Berlin Statement.
Berlin announced today that the Germans have captured the village of Barleux from the allies and in the east have checked the Russian advance on Kovel.

The eyes of Germans were turned today toward the eastern rather than the western front. The weight of the first onslaught in the west is believed to have been estimated and Berlin is confident of the outcome there.

In the east, however, a great general offensive has broken forth from Riga to Roumania. Wave after wave of Russian flesh and steel is rolling against the Teutonic lines. Thrust after thrust follows in quick succession and no sooner do the Germans succeed in stemming the advance at one point than another menace.

INCREASE WORK GETS ASSISTANT

R. J. Absher Helping County Superintendent L. W. Miller.

Prin. R. J. Absher of the Sublette schools is assisting in the office of the county superintendent of schools for a short time. The increased work of the office due to detail work occasioned by such new school legislation as the teachers' certifying act, high school tuition act, teachers' pension act and the act pertaining to the formation of township high school districts, more than doubles the clerical work of the office.

DR. LEHMAN TO REMAIN.

As there were many rumors that Dr. Lehman expected to leave Dixon to take up special work in a larger field, we interviewed the doctor as to his future intentions. He informed us that he has decided to remain in Dixon and will devote his entire time to consultation office work, giving special attention to diseases of women and children.

Official Expect Confession In Compton Post Office Robbery

Aurora, July 10.—William Keller and James Kennedy, held in the Aurora jail as suspects in several downtown postoffice robberies, are on the verge of confessing to the Compton robbery, Chief of Police McCarty said today. He is to question them further this afternoon.

"We gave Keller and Kennedy the third degree yesterday and several times they seemed ready to confess," Chief McCarty said. "They intimated that they are wanted for a bigger job and it is probable that they will agree to confess to the Compton job if promised that they will not be held for the other one. I do not know this for sure but it is

DIXON FURNITURE CO. GETS LARGE CONTRACT

ARE AWARDED FURNITURE CONTRACT FOR THE STATE EPILEPTIC COLONY.

AGAINST HEAVY COMPETITION

In competition with thirty bidders, including Marshall Field Co., Hibbard, Spencer Bartlett, J. V. Farwell Co., Carson, Pirie Scott & Chicago and big wholesale houses of St. Louis, Peoria, Springfield and N. York City for approximately \$6,000 worth of furniture supplies for the Dixon epileptic colony, our Dixon firm of Keyes, Ahrens, Ogden Co. were low bidders on and drew out over \$2000 of the award.

This is a very practical indication that the really live country merchant who studies business conditions can and does buy as well and sell even lower than the world's biggest concerns and should prove a very practical illustration that it does pay to trade in Dixon.

ROSE CITY HIKERS LEFT THIS MORNING

SPENT SEVERAL DAYS AS GUESTS OF DIXON RELATIVES AND FRIENDS

The Rose City Hikers—Kenneth Hollister, William Simonson, an Raymond Moyers—who are en route from Portland, Oregon, to New York in the interests of good roads left this morning for the east after a three days' visit with relatives and friends here. Mr. Hollister is a cousin of Mrs. Mary D. Shippert of Dixon and his grandfather, Robert W. Hollister, was a pioneer of this vicinity.

The lads, who average from 57 to 40 miles a day, arrived in Dixon Friday evening, and while here were guests of Mr. and Mrs. Milton Hollister, Mrs. Katherine Davlin, William Whitebread and Mr. and Mrs. William Phillips.

They carry endorsements from Chambers of Commerce, Elks, Moose, Ad Clubs, Rotary Clubs, Mazama Hiking Society of Portland Ore., and other civic organizations. Among other letters are endorsements from Mayors of cities through which they have passed, United States Senators, Harry Ford of Detroit, Mayor Thompson of Chicago, and others.

MRS. DIMICK HURT IN ACCIDENT

Dixon Lady Suffered Broken Wrist When Horse Threw Her.

County Clerk Dimick this morning received word that Mrs. Dimick, who is visiting relatives at Leona, Idaho, met with an accident last week while horseback riding, breaking one of her wrists. The horse became frightened at an automobile, jumped to the side of the road, the saddle slipping and throwing Mrs. Dimick to the ground.

U. S. Inspectors Here

Postoffice Inspectors Jackson and Bradshaw, who questioned Keller and Kennedy yesterday, were looking through the rogue's gallery records in Chicago today seeking to find a record of the two suspects. They believe that they are members of an organized gang of cracksmen traveling out of Chicago.

Search is also being made for the third member of the gang. He disappeared while Chief of Detectives Wirtz and Detective Cooley were following Keller and Kennedy across country near Montgomery last Monday. It is believed that he is in Chicago. "The police" have a fair description of him.

BIG SIXES WERE NO MATCH FOR DIXONITES

DEKALB BASEBALL TEAM WAS BEATEN, 5 TO 1, HERE SUNDAY.

HUBER PITCHED SWELL GAME

Allowed But Four Hits and Fanned Thirteen—Two Home Run Smashes.

By fine fielding and Huber's slippery elm ball the Dixon baseball lads slipped a 5 to 1 victory over on the DeKalb Big Sixes at Lincoln Park on Sunday afternoon. Baird, formerly of the Sterling West Ends, was on the firing line for the visitors and the Dixon crew certainly did like his smoke, for they connected safely in every inning except the fifth. Whitebread and Lightner were credited with circuit clouts.

Huber, as usual, pitched a star game. The visitors got but four hits off him, which were scattered thru as many innings, and Carp fanned thirteen men during the afternoon's festivities.

Dixon Scored First.
Dixon scored right off the bat. Burke singled through short to start things, but was forced at second by Whitebread. Devine's out, short to first, let Whitebread go to second on Mallach's single to right. Lightner ended the inning by fanning.

Dixon's second run came in the third when with two down Whitebread put the peller over left field fence. Two hits and an error after the home run filled the sacks, but Schultz fanned for the third out.

Some Good Pitching.
There was no more scoring until the sixth, although but for some classy work in the box Huber would have been scored on in the fourth. With men on second and first and only one out in this inning Carp did his heart work of the game, fanning Cone and Holderness. DeKalb's only run came in the sixth. Cannon singled and stole second, scoring when Carp threw Baird's grounder a mile over Whitebread's head.

Another Home Run.
Lightner pulled his four-sacker in the sixth, starting the inning with it. But his teammates could not add to the total. Dixon's last came in the eighth. Mallach and Lightner singled and Schultz was safe on Holderness' error, on which Mallach scored. McCormick went out, second to first, but Lightner scored on the play.

HEALTH AND SAFETY IN ILL. MOBILIZATION

EXTRAORDINARY CARE USED IN GETTING GUARDSMEN TO BORDER.

BOARD OF HEALTH ASSISTED

Thorough Co-operation With Military Authority Marked Troops' Movement.

On June 18, orders were issued to mobilize a large part of the Illinois National Guard at Springfield and it became necessary to provide suitable quarters for a force of ten thousand men. Camp Lincoln, the permanent camping ground of the State militia, afforded sufficient quarters for but two thousand of this number and it became necessary to prepare the State fair grounds for the reception of the remaining seven thousand five hundred.

In transmitting the order to mobilize the troops to Adjutant General Dickson, the first thought of Governor Dunne was for the safety of the troops and the Secretary of the State Board of Health was directed by the Governor to make an exhaustive survey of both camp sites, to pass upon their present sanitary status and their proposed sanitary installations and to report to the Adjutant General, making such recommendations as proper regard for the health of the troops might indicate.

During the first inspection several suggestions were made by the Secretary of the State Board of Health, recommending changes in the location of latrines and their further removal from close proximity to sleeping quarters, kitchens and mess tents. Upon the completion of this inspection, a report was promptly submitted to the Governor and to the Adjutant General, embracing the following points:

The State Fair Grounds were commended as a camp on account of the generally good drainage and availability of good shelter; but attention was drawn to the limited space making proper distribution of latrines, sleeping quarters and kitchen and mess space difficult.

It was recommended that all wells on the Fair Grounds be abandoned and that the troops use only the water from the municipal supply which is available in most parts of the grounds. While the Springfield water supply is generally safe, it was recommended that frequent water analysis be made.

It was advised that the buildings having paved floors be flushed with fire hose and thoroughly scrubbed. Several of the buildings, however, have dirt floors and attention was called to the fact that, when occupied by large number of men, dirt would arise which would be a source of great discomfort if not a definite source of danger. On account of the limited time, it was suggested that these floors be sprinkled with a five per cent solution of common salt and that oil, in several thin coats, be applied later. To overcome the inconvenience of the oil, it was advised that a fine, clean sand be spread lightly over the floors.

In the handling of food, it was recommended that all kitchens and mess tents be screened against flies. As some of the mess quarters could not be screened, it was advised that all food be covered and that fly traps be supplied. Rigid examination of all persons handling food was urged, especially for the purpose of detecting typhoid carriers and rigid supervision to secure personal cleanliness of all cooks and assistants was recommended.

Attention was called to the fact that latrines must necessarily be relatively close to sleeping and food tents in the limited quarters available and it was urged that the latrines be made absolutely fly proof; that they be supplied with seats which would close automatically and that the pits be kept absolutely dark. It was further recommended that the pits of the latrines be strewn each morning with straw and oil and that the contents be burned and that powdered slaked

WOMAN OCCUPIED PULPIT AT BAPTIST

MRS. WALTER SPARKS, AN OLD FRIEND OF PASTOR, SURPRISED HIM.

TOLD OF "HERALD OF HOPE"

Mrs. Walter Sparks of Philadelphia was the speaker at the First Baptist church Sunday morning. Mrs. Sparks is the wife of Dr. Sparks of the American Baptist Publication society and is visiting with Mr. and Mrs. E. S. Osgood at Stillman Valley. The Osgood family, accompanied by Wilfred Baker and Miss Grace Wilbur of Rockford, motored to Dixon Sunday morning.

Rev. Stoddard saw the strangers, as well as a strangely familiar face with them. It was a surprising thing that Mr. Stoddard could not for a moment recognize the wife of his old friend and college mate, but finally he did. He hastily invited her to speak but she hesitated, not expecting to be invited. Finally she consented and gave a very eloquent address upon the work of the "Church on Wheels," familiarly known as the Chapel Car. She based her talk on actual experience and observation, when for eight years she labored with Dr. Sparks in doing evangelistic work with the "Herald of Hope." She recounted a number of events which occurred in their ministry.

Plan for Hikers' Camp.

A group of boys met yesterday at the First Baptist church and they were more interested in hearing Mr. Stoddard outline his plans for the Hikers' camp than in the Sunday school lesson. They are very enthusiastic about camping at Assembly park and the details will be worked out before next Monday, so the boys will know exactly what he wants them to do. Mr. Stoddard is seeking the co-operation of the parents and he desires to see all the boys of the Hikers' club in this recreational camp. Many of the boys have already enrolled, but those who have not enrolled as yet should call Mr. Stoddard, Phone K-495. The motto of the camp will be "Be Prepared."

BIG GERMAN SUBMARINE ENTERS CUSTOM HOUSE AT BALTIMORE AFTER RECORD BREAKING VOYAGE

NEWSPAPER MEN AND MOVING STATUS AS MERCHANT SHIP PUT UP TO WASHINGTON BY ALLIES.

NORTH GERMAN LLOYD LINER?

Crew, Mostly Young Men, Were In Signia of a German-American Line.

(Associated Press)
Baltimore, July 10.—"There will be more submarines here soon and we are going back for another cargo. We are going to have a regular line of submarine vessels."

This was the definite announcement of Capt. Korig of the gigantic merchant submarine Deutschland, which docked at 6:40 o'clock this morning at the pier of the Eastern Forwarding Co.

BROUGHT VALUABLE CARGO OF DYE STUFFS

The Deutschland, which was recently built, has a gross tonnage of 791 and brought a cargo of 750 tons of dyestuffs to the United States the owners hope to sell for a fortune.

DESCRIBED IN BILL AS FREIGHT TRADE SHIP

The bill of health issued by United States Consul Thomas Fee of Bremen, June 14, described the Deutschland as a vessel engaged in freight trade.

WAITED NINE DAYS TO DECEIVE THE ENEMY

At Heligoland the submersible waited nine days before leaving there June 23, in order to deceive the enemy who, Korig said, had undoubtedly heard rumors of the submarine's coming.

CREW POSED FOR MOVING PICTURE MEN

At the dock newspaper men and moving picture camera operators stormed the place, but they were not permitted near the Deutschland, which was protected by barbed wire stockade and guards.

Capt. Korig came ashore and shook hands with everybody, and later he brought out the crew of 28, two of whom are grizzled old tars, the rest being youths from 18 to 23. The grinning youngsters brought out a large green board on which was painted in big silver letters "Deutschland, Bremen." Grouped about the board with the skipper in the center, they posed for the picture men.

CREW WORE INSIGNIA OF NORTH GERMAN LLOYD

On their caps the men wore the insignia of the North German Lloyd. A day or two will be required to unload, after which the submersible will take on a cargo of nickel and rubber. Korig was apparently not worried over the report that the Lake Torpedo Boat Co. was preparing to libel the submarine on the ground of infringement of patents.

CAPTAIN SAYS TRIP BREAKS BRITISH SEA RULE

Upon delivering the ship's papers to the North German Lloyd office here Capt. Korig declared the voyage of the Deutschland has broken England's rule of the seas.

DEUTSCHLAND CARRIES NO MESSAGE FOR WILSON

Capt. Korig denied that he carried any message from the Kaiser to Wilson and he laughed at stories that he had been chased off his course by an enemy vessel. During the entire trip he was submerged only about 90 miles and he came to Hampton Roads on a straight course from the English Channel.

REMAINED ON BOTTOM DURING AN ENTIRE NIGHT

He remained on the bottom of the English Channel during one entire night owing to the presence of numerous warships. The submarine, he said, can carry 1,000 tons. It cost \$500,000, can remain in the water for four days and submerge to a depth of 300 feet. The line of which she is the privileges of any other peaceful part was organized by a company ship sailing the flag of a friendly nation of German business men in merchant ship.

Commander Of Compang G. Took Federal Oath Today

Capt. E. L. Soper, commanding Co. G, went to Sterling this morning in response to orders from Lieut. Col. J. W. Reig of the Sixth regiment to report there to receive the federal oath.

Capt. Soper returned this afternoon with copies of the oaths to be administered to the officers and enlisted men of the company and he will give the contracts at the regular drill federal oath and several companies of the company tomorrow evening. It has been inspected. Arrangements have been made for the inspection of away for the encampment next Sunday.

The officers of the regiments are making every effort to give the oath to all of their members this week, thus enabling the regiments to go to camp next Sunday.

Eg

ALMOST every housewife owns some very fine laces, linens, draperies, etc., which she uses only on "state" occasions.

Wash them with Ivory Soap and you need not hesitate to use them as often as you wish. Ivory is so pure and mild that it will injure nothing that water itself will not harm. Its quality is in keeping with the choicest fabrics. That is why it washes them so safely and so beautifully.

IVORY SOAP... IT FLOATS

Handcraft Exhibition
What a relief it is, sometimes, when we weary with the utilitarian side of existence, to find an exponent of the beautiful—someone who isn't always advocating the sweet girl graduates' dress—a uniform or that business women adopt men's somberness of dress—someone who is willing to introduce a little beauty into life for beauty's sake.

The work exhibited by Miss Edna Carpenter Saturday at the Peoples' church had nothing else save beauty for an excuse, and needed nothing else, but please don't understand that it wasn't beauty put to utilitarian uses, for it was. There were trays, handbags, scarves, and a lot of things—even wonderfully tinted postcards—which had the blood wood printing. The effect was very oriental and very beautiful.

The printing is done in the same way that the Persian and Japanese prints are made. On a block of wood the background of the design is cut out, the coloring material is applied, and the chosen fabric is printed. The design may be printed several times before the coloring matter is renewed. Then to add to the beauty of the color scheme hand embroidery is used to pick out certain parts of the design which it is wished to bring into higher relief. Instead of the block of wood, ship lineoleum which is about a quarter of inch thick, is found much easier to work in, and is used more frequently. All sorts of beautiful fabrics, cretonnes, tapestries, etc., were displayed upon one of the tables as examples of beautiful designs which might be copied in the block wood printing.

Fabrics, too, of every description from chiffon to heavy couch cover material were shown as adapted to the printing.

Other beautiful work, simply classed as decorative, was the work in oil paints used in the revival of oriental designs upon all sorts of boxes, flower pots, etc. This work strongly flavored of the Chinese work in enamel.

The exhibit was well attended and quite savored of a society affair, for everyone was given a cup of refreshing fruit punch and fancy cookies. Miss Carpenter is starting a class in handcraft for the morning hours and quite a number of ladies, with a thought forward to inexpensive and beautiful Christmas gifts and articles for the adornment of their home, are enrolling.

Family Reunion
Mendota Bulletin: A happy family reunion was held at the home of Mr. and Mrs. Philip Frey on last Sunday when this estimable and much beloved couple celebrated the fiftieth wedding anniversary of their Golden Wedding. The occasion was one which will linger in the memory of all who were present for many years.

Mr. and Mrs. Frey were both born in Germany, coming to America with their parents. Mr. Frey was 13 years of age and Mrs. Frey 17 years when they reached Illinois and their parents settled in Lee County. Mrs. Frey's maiden name was Marie Geommer and she was a daughter of Mr. and Mrs. Peter Geommer. It was on July 1st, 1866, when Philip Frey and Miss Marie Geommer were united in marriage at the home of the bride's parents. About five years after their marriage they moved to the farm where they now reside and which has been their home for the past forty-five years.

To this union were born nine children, all of whom are living and were present at the golden wedding held on last Sunday. They are Dr. A. G. Frey of Chicago, Mrs. Myron Schuch of Aurora, Mrs. Henry Hartan, John, Ludwig, William, O. Reuben and Philip Jr., who reside in Mendota or the immediate locality. Mr. and Mrs. Frey were the recipients of many beautiful and costly wedding gifts from their children and friends. MEATS FOR DINNER.
BRAISED STEAK.—Buy a fine piece of round steak two inches thick. With the edge of a thick plate pound into it one-half cupful of flour. Place a lump of butter in a frying pan and sear the steak on both sides. Season and cover well with water. Cover closely and bake fifty minutes.

Fricassee of Lamb.—Cut two and one-half pounds lean lamb into small pieces. Put into saucepan and cover with boiling water. Salt and pepper to taste. Simmer one hour, then put in one can (or one quart) shelled green peas. Boil ten minutes, longer if peas are fresh, and add a thickening of one tablespoonful each of butter and flour. Boil up for one minute, then it is ready to serve.

Pot Roast.—Take from one to six pounds of fresh pork; wash well, place in medium sized kettle, take half a teaspoonful salt, rub well in top of meat, take one tablespoonful relish, one-quarter teaspoonful sage, one-quarter pound bacon cut in thin slices, one teaspoonful paprika; place bacon across top of roast, put other seasoning in and cover with boiling water. This will be enough water to cook meat done if cooked over slow flame.

Mock Roast Hare.—To make mock roast hare put equal quantities of beef, veal and pork through the mincing machine, or beef and pork will do alone. Mix well in a basin with a round of bread that has been soaked an hour in cold milk and pressed out, pepper, salt, grated nutmeg and lemon peel, a dessertspoonful of grated cheese, a minced shallot and two well beaten eggs. On a floured board form the mixture into an oval cake about four inches high. Cut some small strips of fat bacon and stick them all over the hare, then make some butter very hot in the baking tin. Bake it for an hour in a rather hot oven, basting it a little and adding a small quantity of stock from time to time. Thicken the gravy and serve it in a tureen; garnish the hare with parsley and slices of lemon.

FRANK O. LOWDEN

GEN. DOUBLEDAY'S BASEBALL.

The origin of baseball is as much a matter of dispute as the Darwinian theory of evolution. Men have died in the conviction that the game grew out of the American "old cat." Others have clung to the notion that it came of the English "rounders." Cooperstown, N. Y., celebrated the belief that baseball was born within its limits 79 years ago, its father having been Abner Doubleday, then a schoolboy, later a general at Gettysburg. And Cooperstown is justified by an official verdict rendered in 1907 by a commission including Nick Young of eternal National league fame among its members.

Credit belongs to Doubleday because he brought order out of confusion and started the national pastime in the way which makes it today the most highly scientific of field games. He made the first diagram of players' positions. He substituted for throwing the ball at a runner the present method of putting a batsman out. His eleven men to a team is nothing against his claim as a founder.

Perhaps nobody would be more surprised than Gen. Doubleday at the developments which have followed his first steps toward baseball. The tricks and manners of the game, no less than the infinite variety of the pitchers' curves and the treasure poured daily into the box office, should excite his amazement. He could be called back. The establishment on the diamond has grown truly worthy of its strategic founder, and it might well insure Cooperstown a still living place on the map of popularity even though the "Leatherstocking" tales and author were to pass into oblivion.—New York World.

The corn is boiling out of the ground in a style that makes a farmer fairly glow with satisfaction.

Think how much hotter it would be in a trench on the Mexican desert, boys, and then you won't feel so badly about being left home.

Wonderful Tale of an Actress

Struggled with Sickness and Discouragement; How Relieved.

Dayville, Killingly, Conn.—"I shall be glad to have every woman know what I know now, after using Lydia E. Pinkham's Vegetable Compound. Although I am only 24 years old, I have suffered for the past eight years. I hated the doctors, for a doctor told me to give up the stage where I was playing with my husband. I had bearing down pains, my health failed me, and I could not work on the stage, and wasn't able to tend my baby or even get around myself. I was always downhearted and discontented with the world, and only lived for the sake of my little girl. The doctor said to move to some quiet little town away from the noisy city, and I might be able to live and feel well, so I went to Dayville in November. At that time I was so sick I could not walk around, and my husband kept house and I stayed in bed. One day in January I read your advertisement in a newspaper, and I sent for Lydia E. Pinkham's Vegetable Compound, and started taking it. Within two weeks time I was a different woman, could get around, and felt so good that it was a pleasure to do my housework. I felt contented and happy, and now am the picture of health, and am tempted to return to the stage. We appreciate my health as the most precious thing on earth."—Mrs. H. L. At that time I was so sick I could not walk around, and my husband kept house and I stayed in bed. One day in January I read your advertisement in a newspaper, and I sent for Lydia E. Pinkham's Vegetable Compound, and started taking it. Within two weeks time I was a different woman, could get around, and felt so good that it was a pleasure to do my housework. I felt contented and happy, and now am the picture of health, and am tempted to return to the stage. We appreciate my health as the most precious thing on earth."—Mrs. H. L. KLENNETT, Box 85, Killingly, Conn.

time be used freely. Attention was also called to the fact, however perfect the sanitary installations might be, proper results cannot be obtained unless they are properly handled and cared for.

It was recommended that all manure be burned daily and that modern methods of incineration of garbage be employed.

In reporting upon Camp Lincoln, attention was called to the low-lying land near-by and to the close proximity of Spring Creek which is, in reality, an open sewer from the City of Springfield. It was insisted that all soldiers be strictly forbidden the use of water from Spring Creek for any purpose and that all marshy land be oiled to prevent mosquitoes.

It was recommended that the permanent latrines at Camp Lincoln be put in good state of repair and that the overflow be carried in pipes to Spring Creek. Attention was also called to the need for good lighting of latrines as an incentive to cleanliness.

Mobilization Delayed in Order that Sanitary Arrangements Might Be Completed

When the mobilization order was issued, it was expected that troops should begin to arrive on the evening of June 20 and that all regiments should be in camp by the evening of June 22. On account of heavy rains and the difficulty in obtaining a sufficient number of carpenters on short notice to complete the sanitary installations at Camp Dunne (the State Fair Grounds), recommendation was made by the Secretary of the State Board of Health, and the Surgeon General that the arrival of troops be delayed and the Adjutant General, with the approval of Governor Dunne, issued orders delaying mobilization at Camp Dunne for a period of forty-eight hours. Later it was found necessary to issue another order delaying the arrival of three regiments for twenty-four hours.

In approving these delays in mobilization, Governor Dunne remarked: "I recognize that I am preventing a record for rapid mobilization, but I regard sanitary preparation the first essential to a safe and successful mobilization. I shall not hesitate in this act sacrificing a speed record to attain what is more important, a health record."

Other Measures Employed to Safeguard Health

In addition to the sanitary service rendered by the State Board of Health, the Board also supplied vaccines for the immunization of the troops against typhoid fever and small pox, together with tetanus antitoxin, Schick test outfits, culture outfits and various other agents which might be needed pending the arrival of supplies from Washington. During the past two years, the Board of health has been supplying all of the Illinois regiments with typhoid vaccine and, as a result, a large percentage of the older recruits were already immunized prior to their arrival at Springfield. Daily inspections were made of both of the mobilization camps during the time the troops were in Springfield by the Secretary of the State Board of Health, the Sanitary Engineer of the Board and Surgeon General Frank and Major Buell Rogers.

The health of the troops was perfect when they left Springfield for the Mexican border.

DEMENTTOWN DOINGS

Men do comparatively little crocheting but they have several other plain and fancy ways of wasting time.

Our idea of true faith is that of a man who advertises for the return of a lost umbrella.

One of the penalties of success is the cordial dislike of the fellows who haven't achieved it.

A wedding tour will sometime cure a man of wanting to travel with his wife.

"Seeing it's youse, I cannot refuse. Said the eminent jurist, ex-Governor Hughes.

"I'm not prepared, I'm not even ready, I wanted to run, but good-night," said Teddy.

A WORD WITH WOMEN

Valuable Advice for Dixon Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, otue, nervous spells, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed, such aches and pains follow.

You can tell it is kidney trouble if the secretions are dark colored, contain sediment the passages are too requent or scanty. Then help the weakened kidneys. Don't expect them to get well alone.

Doan's Kidney Pills have won the raise of thousands of women. They re endorsed at home—Read this Dixon woman's convincing statement:

Mrs. C. Charlton, 516 Lincoln Ave., Dixon, says: "I suffered for a long time from pains across my back and sides. The trouble was particularly severe at night and early in the morning. When I bent over to lift anything, I was hardly able to straighten up again. My kidneys were inactive, too. Doan's Kidney Pills, procured from Leake Bros. Co.'s Drug Store, weren't long in giving me relief." (Statement given May 21, 1912.)

On January 21, 1915, Mrs. Charlton said: "I use Doan's Kidney Pills whenever my back gets lame or sore and they always help me." Price 50c, at all dealers. Don't simply ask for a remedy—get Doan's Kidney Pills—the same that Mrs. Charlton has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.
